

STEP 1:
CREATE YOUR DOCUMENT

STEP 2:
Add the clouds

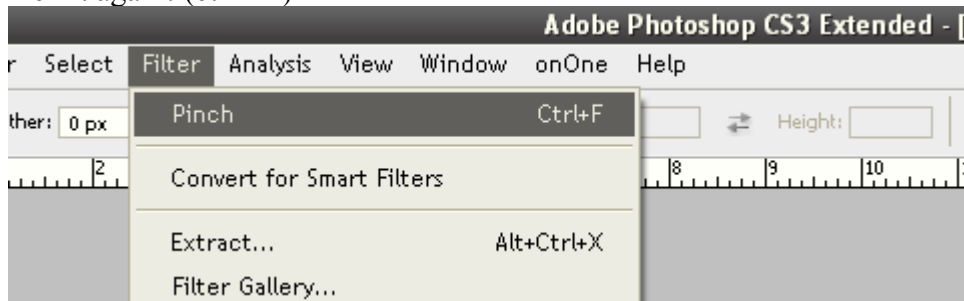

STEP 3:
Pinch it!

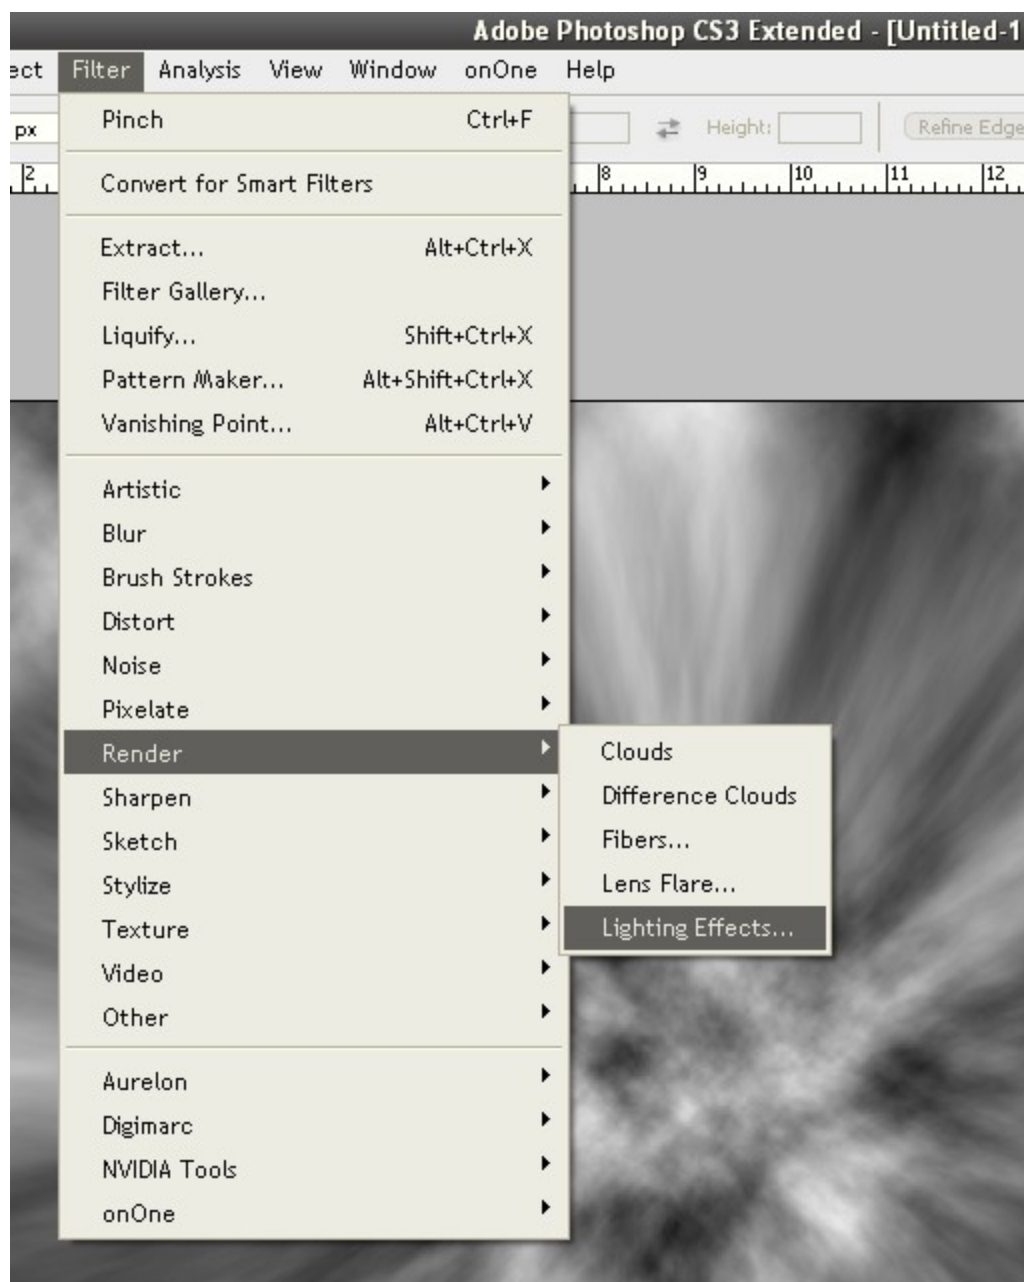

STEP 4:

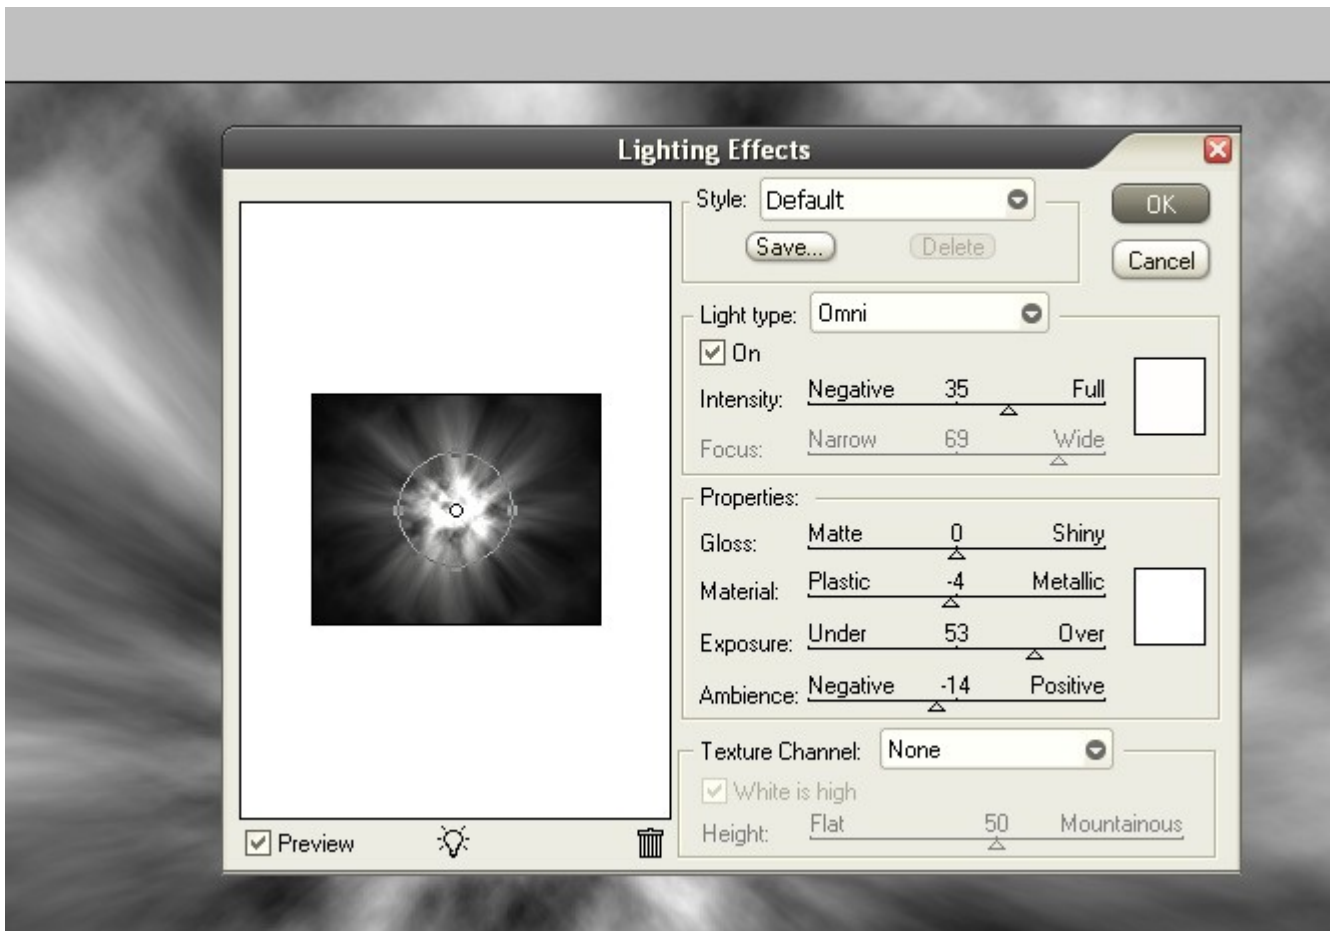

Pinch it again! (ctrl + f)

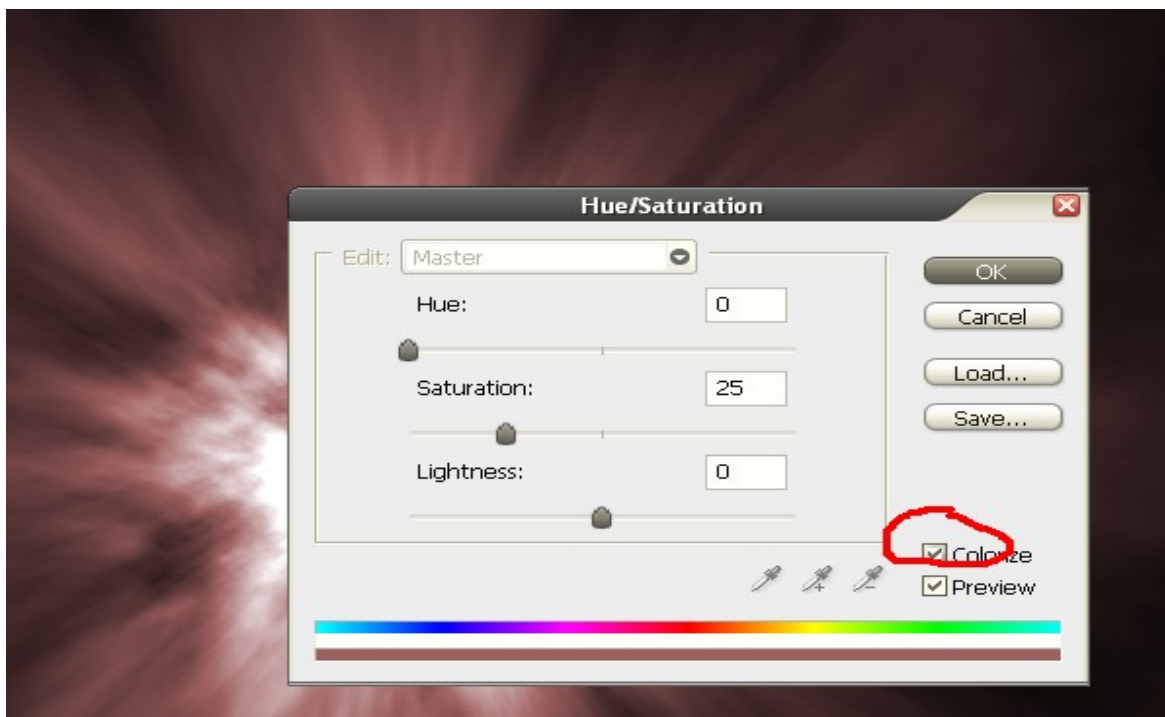

STEP 5:

Add the lighting effects

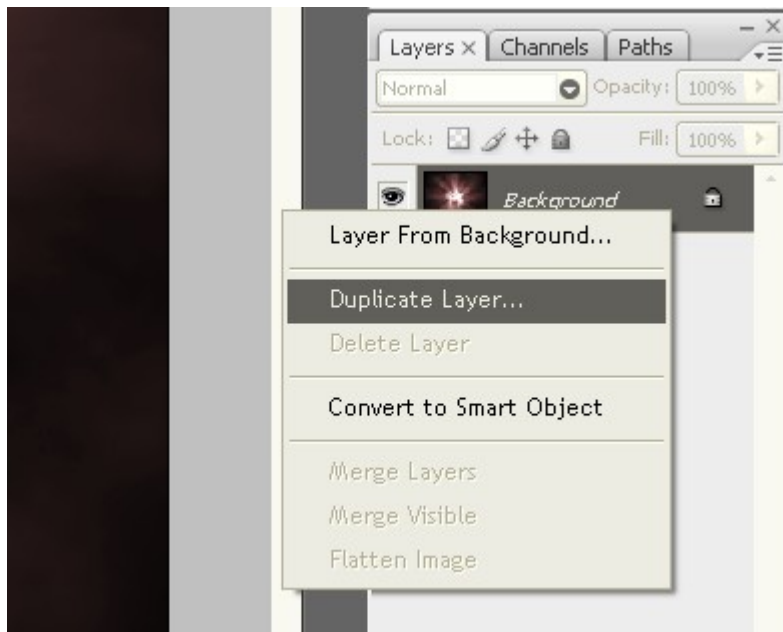

Step 6:
Add some color

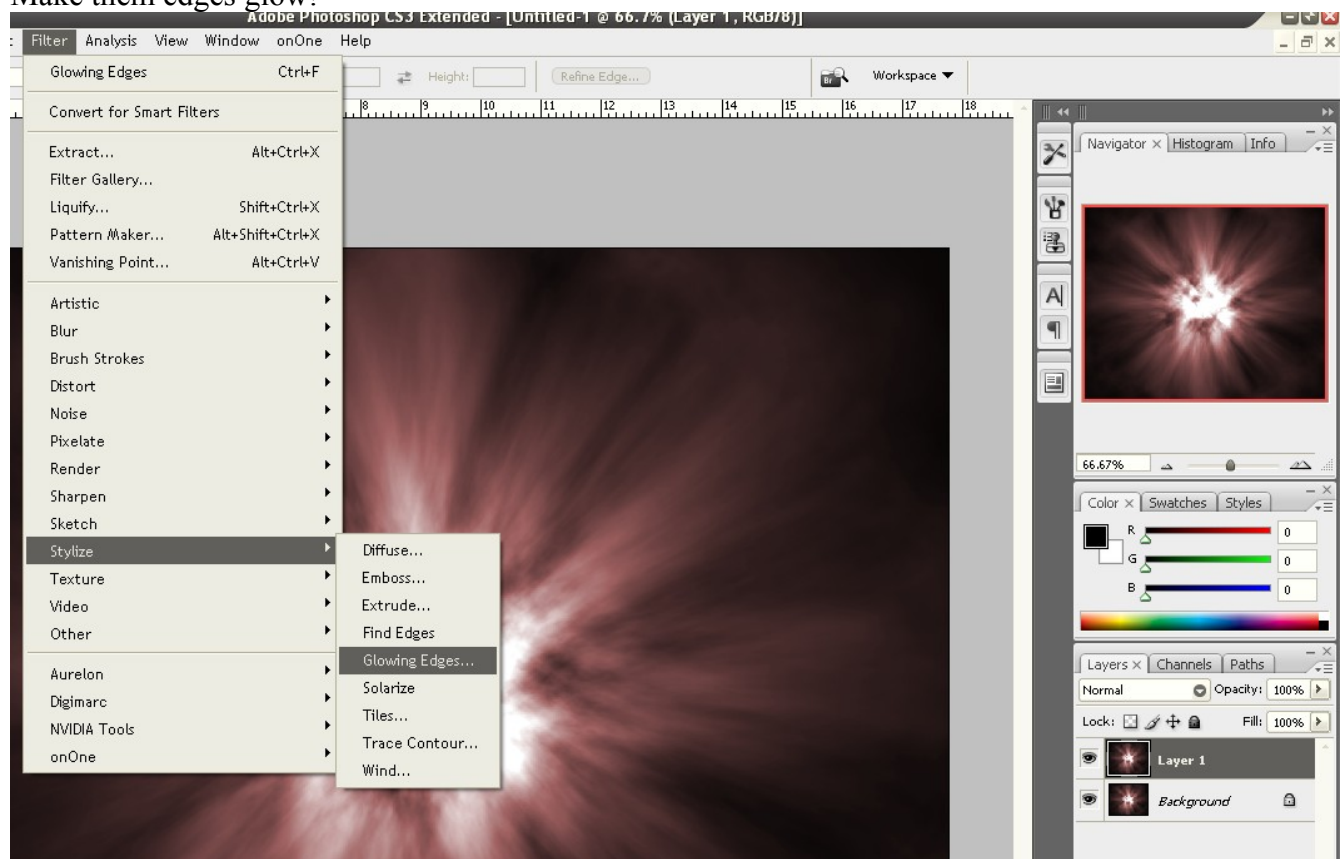

STEP 7:

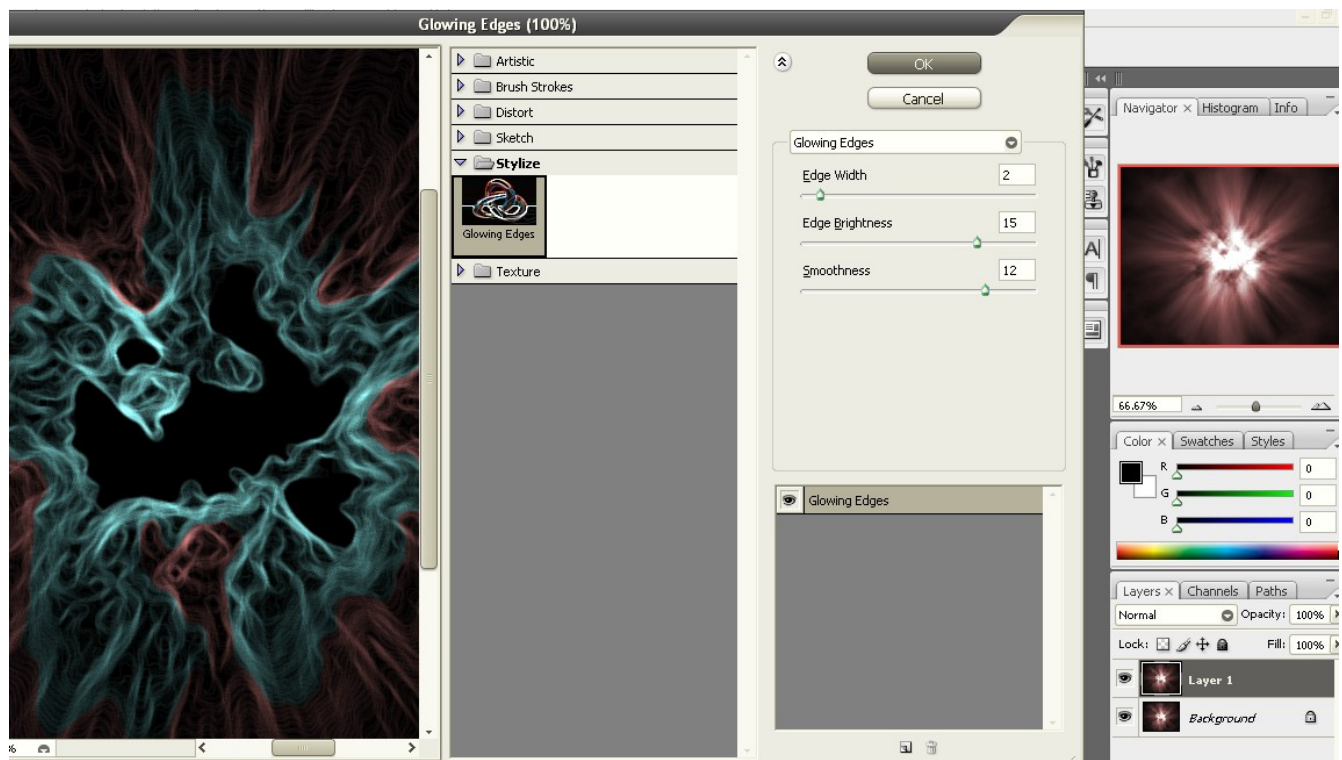

Duplicate your layer (ctrl +j)

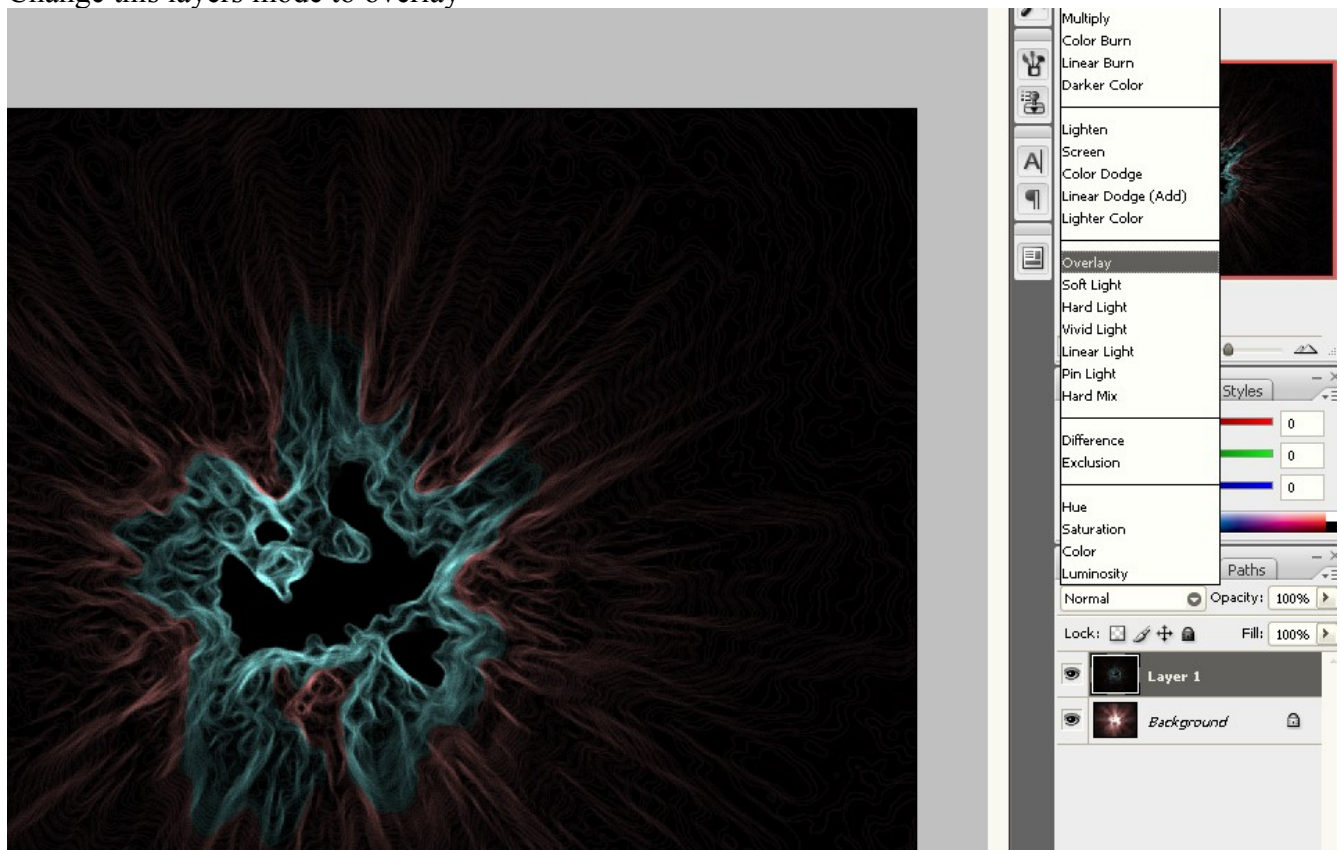

STEP 8:

Make them edges glow!

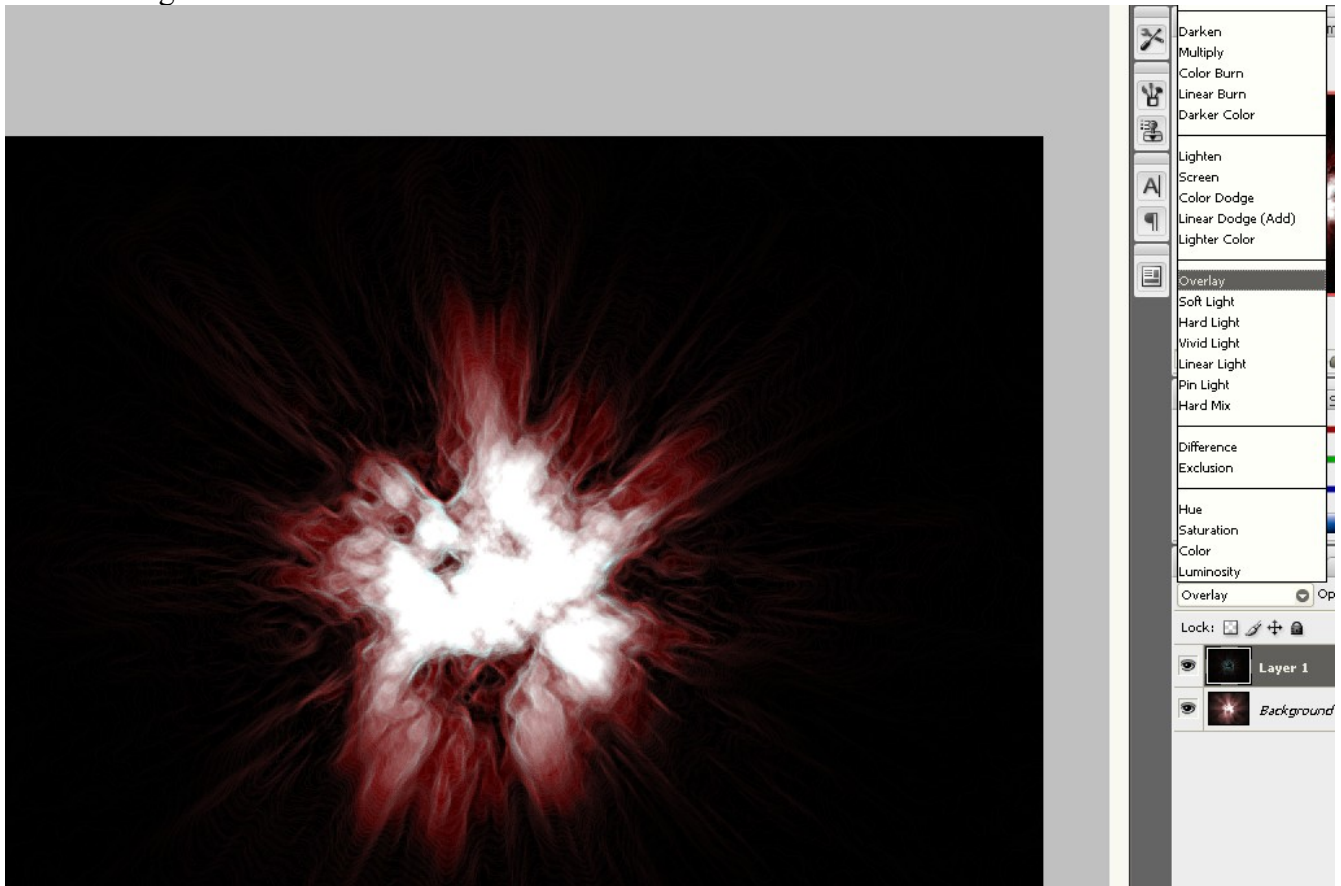

STEP 9:
Change this layers mode to overlay

You should get this:

STEP 10:

Duplicate the glowing edges layer (layer 1 in my picture). Keep playing around with duplicating it, in my final one duplicated layer 1 again and changed its mode to lighten. Look on the next page to see it
